Prot. n. 7093
Cl 01.01.19/7.4

Esteemed Colleagues,
Mrs. Bogdan-Mihar Cretu and Mrs. Adina Ciubotariu,

I express my sincere gratitude for the appreciation of our representative Dr. Elena Sinibaldi as a relator of the International Symposium “European Value in National Heritage” (Iasi, 7th-8th June 2018) and personally I regret to not have been in the possibility to join this high qualified meeting because of previous scheduled work-commitments.

The implementation of the UNESCO 2003 and 2005 Conventions activities, addressed under the Unit of the Italian Ministry of Cultural Heritage and Tourism whom I am in charge, are looking at the very core of the meaning and values of the intercultural dialogue and the international exchange.

Therefore the project entitled “*Migration and identity in the Romanian cultural space*” could certainly explore and deepen the prerogatives of the UNESCO Convention for the Protection and Promotion of the Diversity of Cultural Expressions (2005), mostly inspired by the promotion of creativity.

This Office is available to develop the cooperation between our institutions both personally and with the Dr. Elena Sinibaldi, who is accredited professional profile and designed focal point for the application of the UNESCO 2003 Convention and the national focal point for the UNESCO 2005 Convention.

Looking forwards at your updates on the issues you raised and with the hope to meeting you as soon as possible,

My best regards,

Luisa Montevocchi
Director of the UNESCO Unit- Secretariat General
Ministry of Cultural Heritage and Activities and Tourism
